

AMS Standard Cover Sheet

Last Name: Burhanuddin Middle Name: Ahamath

First Name: Iftikhar

Address through next June:

Computer Science Department, U.S.C.

941 W. 37th Place

Los Angeles, CA 90089-0781

Current Institutional Affiliation:

University of Southern California, Computer Science

Highest Degree held or expected 2007

Granting Institution University of Southern California Date (optional) 05/2007 expected

Ph.D. Advisor: Ming-Deh Huang, William Stein

Thesis Title (optional) Some computational problems motivated by the Birch and Swinnerton-Dyer conjecture

Primary Interest (MSC# only) 11 Secondary Interests (optional) 68

Home Phone

(323) 620-8661

e-mail address

Give a very brief synopsis of your current research interests in the box below (e.g. finite group actions on four-manifolds).

Number theory, algorithms, computation, cryptography

Most recent position held, if any, post Ph.D.

University or Company _____

Position Title _____ Dates _____

Indicate the position for which you are applying and position posting code, if applicable

Eligible for positions which requires U.S. citizenship or U.S. permanent residency: Yes No

If unsuccessful for this position, would you like to be considered for a temporary position?

Yes No If yes, please check the appropriate boxes.

Postdoctoral Position 2+ Year Position 1 Year Position

List the names and affiliations of up to four individuals who will provide letters of recommendation if asked. Mark the box provided for each individual whom you have already asked to send a letter.

1. Ming-Deh Huang, University of Southern California, Computer Science, huang@usc.edu

2. Sheldon Kamienny, University of Southern California, Mathematics, kamienny@usc.edu

3. David Kempe, University of Southern California, Computer Science, dkempe@usc.edu (teaching)

4. Wayne Raskind, University of Southern California, Mathematics, raskind@math.usc.edu

5. William Stein, University of Washington, Seattle, Mathematics, wstein@gmail.com
